## ABOUT DECEMBER 9 SEEMS THE FAVORITE TIME FOR OPENING

Maysville Tobacco Board of Trade is Expected to Hold Meeting During the First of November to Fix Date of Opening the Maysville Looseleaf Market.

Farmers, warehousemen and buyers have begun to talk about the time for the opening of the Maysville Tobacco market for the 1919-20 season and there seems to be very little difference in opinion on opening the market in December this year. The postponement of the opening last season until the first of the year proved to the local warehousemen that this policy should not be followed for while there were not many farmers who took their tobacco to the other markets which were open from this district, there were many growers greatly dissatisfied because they could not have some ready money for the Christmas season and the local merchants were also dissatisfied.

The Lexington Tobacco Board of Trade has announced the opening date for that market as December 2 and as a usual thing Maysville is about one week behind that market in opening.

The Mt. Sterling warehouses are advertising that they will begin receiving tobacco the last week of November indicating that they propose to open the first of December. While there has not yet been a meeting of the Tobacco Board of Trade, the great majority of the local warehousemen and buyers seem to favor Tuesday, December 9th, as the opening day for the Maysville market and this date also pleases the growers so that it is more than likely that this date will be selected when the board meets in the next few weeks to finally fix an opening date.

Warehousemen are busy throughout the district and report that by that time there will be much tobacco in this district ready for the buyers and they expect a great big opening about that time.

## GETTING READY FOR BIG HALLOWEEN

There will certainly be much doing in the village on Friday evening if the large sale of Halloween supplies is any forecast. Local merchants report that they have never yet had a bigger demand for false faces, etc. It is expected that the Halloween parade in the downtown streets Friday night will be something worth seeing.

## HIBBS FAILED TO NOTICE APPROACH OF TRAIN

Telegram From Whitesburg Tells of How Carl Hibbs Met His Death at Lynch Mines Last Week—First Information is Received.

Although Mrs. Carl Hibbs and her father, Mr. T. T. Worthington, have made various efforts to learn what was the cause of Mr. Carl Hibbs' sudden death at Lynch, Ky., in the Kentucky coal mines last week, they have thus far been unable to get any direct information either from the coal mining company or from the Coroner of the county. The only information they had was that Mr. Hibbs had been killed by a railroad train.

A telegram in a Lexington paper today from Whitesburg, Ky., says: "Carl Hibbs, of near Maysville, was struck and almost instantly killed by a train at Lynch Mines, an industrial center south of here, near the Letcher-Harlan border on Cumberland river. Hibbs failed to notice the approach of the train. The body was taken to Mason county for burial."

Mr. Hibbs was a mute and although he was always very careful in passing over a railroad track, it is supposed that this time he failed to see the approaching train. The body was first shipped to Bristol, Tenn., Mr. Hibbs' home, but was later shipped to Maysville and buried at Shannon.

## C. OF C. DIRECTORS OT MEET THIS WEEK

A few of the directors of the Maysville Chamber of Commerce met at the office Tuesday night to talk over the general condition of the organization. As there was not a quorum present, nothing definite was done but it was decided that a meeting of the directors should be held some time this week when something will be done looking toward the annual election of officers which will take place during the month of November.

## JUDGE NEWELL IS HIGHLY COMPLIMENTED

Those who heard Senator A. O. Stanley speak here Monday night heard one of the highest compliments paid one of our citizens that could be paid a man. Senator Stanley referred to Circuit Judge C. D. Newell in the course of his talk, as one of the best Circuit Judges in Kentucky. Considering that this compliment comes from a United States Senator, it is a very high compliment.

## ROOT OUT THE ROTATORS

Four years ago when Owsley Stanley was running for the nomination for Governor of Kentucky he damned the Democratic rotators in office from one end of the State to the other.

Nevertheless, five candidates out of the nine on the Democratic State ticket four years ago, of which Stanley was the head, either were then or had been holding State offices.

Today the same old crowd of rotators is trying to keep its stangle hold on the State government. Five candidates out of the nine on the present Democratic ticket are now or have been holding State offices. Gov. Black has been First Assistant Attorney General, Lieutenant Governor and Governor. John W. Newman, Commissioner of Agriculture under McCreary; Matt Cohen, present Commissioner of Agriculture; Henry Bosworth, former Treasurer and Auditor; Henry F. Turner, present State Inspector and Examiner by appointment of Stanley and retained by Black, are all candidates for State offices.

THE ONLY WAY TO CLEAN HOUSE AT FRANKFORT RIGHT IS TO VOTE THE STRAIGHT REPUBLICAN TICKET.

## TOBACCO SHOWING UP AS NOT VERY FAR BEHIND LAST YEAR

Latest Government Estimates Indicate That There Will Be Large Tobacco Crop in the Nation This Year.

The tobacco crop of the United States, according to the latest available Government statistics, will not fall far short of last year, and it seems probable that the total yield may show an actual increase despite unfavorable growing weather in most sections of the country during the summer months. Late growth almost everywhere is said to have been particularly satisfactory and the final estimate made after the crop is cut and housed is expected to be somewhat higher than the figures based upon conditions prevailing October 1.

Compared with the conditions on September 1 the tobacco crop of the country shows an improvement during the month of 1.8 per cent., but the condition estimated on October 1 is 8.9 per cent. below the ten-year average. The production for the entire United States, as based upon the condition October 1, is given at 1,278,062,000 pounds, which is a decrease of 950,000 pounds, or a fraction of 1 per cent. compared with the estimates of September 1, and only 61,947,000 pounds less than last year's final estimate, indicating a possible decrease for the current year of approximately 5 per cent.

The Kentucky crop made good progress during September, showing an improvement of 3 per cent. in condition, and an estimated increase in production amounting to 1,852,000 pounds. In North Carolina, the second largest tobacco producing state, the condition fell off 10 per cent. during September, but the production is estimated as 8,188,000 pounds heavier than on September 1, due to the development of a heavy grade of leaf. Pennsylvania, Virginia, Ohio and Indiana seem to have made the poorest showing season, and the production in each is under that of last year or the estimate made one month ago for the current crop.

## CELEBRATES 91ST BIRTHDAY

Mr. Wilson Smith, one of the oldest living citizens of Mason county, is today quietly celebrating his 91st birthday at the home of his son-in-law, Deputy Sheriff Carey Devore at South Ripley. Mr. Smith, despite his advanced age, is in fairly good health and his many friends extend hearty congratulations and wish for him many happy returns of the day.

Speeches will be made in most every voting precinct in the county during the week. The speeches are being made in churches and school houses.

## CHURCH OFFICIALS HOLD MEETING TONIGHT

There will be a meeting of the deacons and officers and team captains of the First Baptist church at the church this evening to lay plans for the big 75 Million Drive in the local church. The Maysville church has been asked to raise \$11,500 and the officials think they will raise at least \$15,000 for all causes.

Mayor Thomas M. Russell and Chief of Police Harry A. Ort were in Lexington yesterday on business.

## BAPTIST LEADER WILL SPEAK HERE ONLY AT EVENING HOUR

Information Received Today Is to the Effect That Dr. B. C. Henning Will Speak Only at the Evening Hour in Maysville.

Rev. J. A. Davis, pastor of the First Baptist church, received information this morning from state headquarters in Louisville, to the effect that Dr. B. C. Henning, the first assistant director general of the great Baptist 75 Million Campaign in the Southern Baptist Convention, could not reach Maysville in time to speak at the morning hour but that he would arrive in this city in time to speak at 7 o'clock in the evening.

Plans are going forward for a great rally at the Maysville Baptist church on next Sunday evening when delegations from all of the Baptist churches in the Bracken Association are expected here to hear this great speaker. Every Baptist in the city of Maysville and in Mason county is expected to attend the meeting and the public in general is invited to be present.

Dr. Henning, is recognized as one of the best speakers in the Southland and Maysville has been honored by being selected as one of the seven cities in the state of Kentucky where he will speak. A tour of the state opens in this city on Sunday, Dr. Henning coming direct to Maysville from his headquarters in Nashville.

## MAYSVILLE HAS LADY REAL ESTATE AGENT

Maysville can now boast of having a lady real estate agent, Mrs. E. L. Manchester of Forest avenue, having entered the real estate business. Mrs. Manchester is a hustling, business woman and is capable of handling real estate deals of all kinds.

## BOY SCOUTS HOLD INTERESTING MEET

Some few weeks ago the local Boy Scouts were re-organized under the direction of Mr. James B. Wood. They held a very interesting meeting at the Presbyterian church Tuesday evening and they are expecting to have a big time during the winter months and next spring.

## WHISKYSTOLENFROM CAR IN C. & O. YARDS LATE LAST NIGHT

Car Broken Open at C. & O. Station and Holes Bored in Barrel—Whiskey of Much Value is Stolen—Police on the Trail.

A car of forty barrels of old whiskey was loaded at the Pogue distillery just below Maysville late Tuesday afternoon and moved to the local C. & O. yards just below the depot shortly after dark.

At about 9:30 o'clock Tuesday night the car was put into an East bound train and it was noticed that the seal on the car had been broken. Trainmen made an investigation which disclosed that one of the barrels of whiskey had been emptied by thieves who had broken into the car. Four holes had been bored in the barrel and it is supposed the whiskey was caught in buckets or bottles and removed.

The barrel probably contained 20 or 30 gallons of liquor which is now valued very highly and at prices which some have placed on it the liquor was worth probably \$40 a gallon. If the barrel contained but 20 gallons the thief or thieves got away with about \$800 worth of wet goods.

The matter has been reported to the police by the railroad authorities and an investigation has been started which may lead to an arrest within a very short time. The thief or thieves left nothing behind that could be used by the police as clues but they have the notions about the case from the nature in which the job was done.

## A CARLOAD OF APPLES

We now have on the C. & O. track at Maysville a car of first-class Baldwin apples. They have just arrived from the orchard in the state of Maine, and are in splendid condition for putting away for winter use. The Baldwin is fine for eating and for cooking. Price \$2.70 per bushel. Those who wish to be supplied, should come at once, bringing their own sacks or barrels.

Place your order with us at the apple car for first-class Michigan potatoes at \$5 per sack, \$2 per bushel—to be brought in soon.

## ARN IS IN THE RACE TO STAY, HE SAYS, IN STATEMENT TODAY

Sixth Ward Councilman Will Not Withdraw From Race For Re-election, He Says, After Conference With Friends.

Mr. Sherman Arn, well known local real estate dealer and at present member of the City Council from the Sixth ward, some few days ago thought that because of the pressure of his business he would withdraw from the race for re-election but this afternoon he gave out a statement to the effect that after a conference with many of the good citizens of his ward, he had decided to remain on the ballot and make the race through to a finish.

Mr. Arn states that he remains on the ballot at the request of a great number of the best citizens in the Sixth ward and that if elected to office he will give it the same attention he has given to that office in the past. Mr. Arn has made the Sixth ward a good councilman. He is a successful business man who is greatly interested in the future progress of the city and has a great host of friends not only in the Sixth ward but in the entire city. He will make a splendid race.

## WINDOW GLASS SPECTACLES NOT DANGEROUS

If you had your choice between giving up everything you have in this world and losing your eyesight, I am sure you would keep your eyes. Trouble is we never think of these things until we're brought face to face with them. Many people buy spectacles from peddlers that do more harm than window glass spectacles. ## A TURKISH MANDATORY

When Rudyard Kipling's "The Man Who Would Be King" was published, it was regarded as an excursion into the improbable, if not the impossible. It was the Anglo-Saxon imagination affected by the colorful Hindustani civilization.

But the sober chronicles of the war have outdone Kipling. Thorneycroft, a twenty-two-year-old British trooper, found himself stranded in Turkey after Townshend's ill-fated offensive. Nothing daunted, he accepted his predicament as a mandatory of Fate. He proceeded to rule over a territory containing sixty villages and sixty thousand people, and he ruled them until relieved by the martial law brought by Allenby's troops. The son of a hotelkeeper of Bristol, he proved, at the test, that he was of imperial fiber.

Truth is stranger than fiction. It always has been and always will be, with Tommy Atkins or his first cousin, the Doughboy, as protagonist. Each possesses the comic spirit that means adaptability, no matter what the emergency.—TimesStar.

## THIS HITS YOUR POCKETBOOK

What a business man pays in interest on his debts is a good indication of the kind of business man he is. The people of Kentucky under Gov. Willson (Republican) during the fiscal year ending June 30, 1911, paid in interest on State warrants \$51,369.31. They paid under McCreary (Democrat) during the year ending June 30, 1915, \$127,679.79. They paid under Stanley (Democrat) during the year ending June 30, 1919, \$271,790.91.

In other words, the State's bill for interest piled up under Stanley to \$220,421.60 MORE than under Gov. Willson. This hits YOUR pocketbook.

## Public Sale

Of a Well Improved, Well Located Small Farm

THURSDAY, OCTOBER 30th  
At 10 O'clock

Mr. John W. Wilson, having bought a much larger farm, has authorized us to offer to the highest bidder his small farm of 62 acres, located right in the town of Rectorville. On this farm there is a six-room frame house, tobacco barn, cream station, and the usual outbuildings that go to make up a well improved small farm. The larger portion of the farm is in grass, much of which is blue grass.

There are many things about this farm that should appeal to the man with a family looking for a small farm, chief of which is the advantages of a high school right at your door, creamery station on the farm which is leased to the French Bauer people that brings a good annual rental, place has a good frontage on the pike which would give you the opportunity to sell off a part of the land at a big figure any time you would offer it. We are putting this farm up to sell and not see what it is worth, so if you are not there to buy it when it is knocked down, don't blame us if you have to spend the winter running around looking for a place to move to March 1st. Terms will be made known on day of sale, but will be reasonable.

## ROAST ROAD DEPARTMENT

Democratic Fiscal Court Calls For Investigation of Delay.

One of the most severe criticisms offered against the present Democratic state administration comes from the Democratic fiscal court of Carlisle county, one of the leading counties in the rock-ribbed, "Gibraltar of Democracy," Western Kentucky.

At a recent session resolutions were passed condemning the state road department for delay in building good roads in Carlisle county. It is declared that although a 20 cent road tax was voted on March 15, 1919, and levied by the court at the April term and that the funds have been available for the work, it has been impossible to get any information regarding the plans of the State Road Department.

The resolutions call for "a searching investigation by the legislature into the conduct of the State Road Department" to "eliminate some of the glaring evils and practices now existing." They also declare that gross injustice is now being done the poor and small counties of the state.

Visitors to Samoa are much puzzled at first by the fact that many boys bear feminine names, while girls as frequently have masculine names. This confusing use of names is not due to ignorance, but in reality is the result of a highly native custom. Thus if a girl is born soon after the death of a brother the latter's name is given to her, in the belief that his spirit and all his good qualities have been transferred to her. On the other hand, if a boy is born after the death of a sister he takes the latter's name, and, as the Samoans believe, all her lovable traits become his.

## SIGNS OF DANGER

That Should Be Heeded by Maysville People.

There's serious danger in neglecting any weakness of the kidneys. The warning that Nature gives should not be overlooked. If trouble by too frequent passage of the kidney secretions; burning or scalding; if the secretions are highly colored and contain sediment when left standing—if you have backache, too, with frequent headaches and dizziness, make up your mind that your kidneys are affected and begin using some reliable kidney remedy. Deaths from kidney disease have increased in the United States alone, 72 per cent. in the last 20 years. The risk is great—you can't afford to delay. Maysville people recommend Doan's Kidney Pills. Can you ask for better proof of merit than the statement of this Maysville resident?

W. H. Lynch, shoemaker, E. Third St., says: "My kidneys were weak and sluggish. At one time the action of my kidneys stopped altogether. I finally used Doan's Kidney Pills and in a short time the action of my kidneys became normal. I kept on taking them and they completely relieved me." (State given January 9, 1912.)

TROUBLE NEVER RETURNED  
On November 14, 1916, Mr. Lynch said: "I haven't had any need of a kidney remedy since I last recommended Doan's Kidney Pills. They have permanently cured me." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lynch had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## ROLE IN "DAY DREAMS"

MADGE KENNEDY'S BEST

Madge Kennedy revels in comedy situations as only she can in her newest Goldwyn Picture, "Day Dreams," by Cosmo Hamilton, which comes to the Pastime today. It depicts the life of a country girl, Primrose, whose imagination and wild dreams have surrounded her with fairyland folk—princes, white knights and all.

She is later disillusioned by a scheming suitor, who has grown weary of having his proposals of marriage rejected with the reply that she is awaiting the white knight to claim her as his princess and sail with her to his castle across the sea. A white knight does come to her, though she subsequently learns he is an ordinary mortal doing the bidding of her disappointed suitor and that the castle the spurious knight takes her to is the converted home of the same scheming individual.

Primrose turns the tables on him at a banquet, for which he has hired a vampire to expose the knight. The

dream girl's announcement that she will marry the very man he has hired to deceive her brings one comedy situation after another. Beautiful settings abound in "Day Dreams," ranging from an expansive duck farm to spectacular scenes aboard the galleon, which takes Primrose to her fairyland.

### IN TODAY'S NEWS

A man almost unknown to the British people a few months ago, but who now looms large in the public eye is Stuart Bunning, who owes his present wide reputation largely to the address he delivered before the recent session of the Trade Union Congress, of which he is president. Bunning has long been one of the strong men in the British Labor party, but he has ever avoided publicity. His career has been varied and interesting. Years ago he was penniless and tramped the country. He worked as a waiter, postman, and also tried stage life. Then he helped to form the Postman's Union and so made his entry into labor politics. Now his admirers prophesy that if a Labor cabinet is formed in Great Britain the one-time waiter is sure to become Postmaster-General.

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me."

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters.

### KIDNAPPED BOY THOUGHT TO HAVE BEEN SEEN

Residents of Walton, Ky., See Lad in Auto With Young Pair Resembling "Billie" Dansey.

Residents of Walton, Grant county, Ky., 30 miles southwest of Cincinnati, believe that they have a clew to little "Billie" Dansey, who was kidnapped at Hammon, N. J., October 8 last.

Yesterday morning a young pair, accompanied by a boy between 3 and 4 years old, appeared in Walton. They were in a touring car, which was placed in a Walton garage for repairs. The pair remained at the Phoenix Hotel for dinner, and as soon as the car was repaired drove in the direction of Louisville.

The little boy played on the pavement in front of the store of B. J. Stansifer, son of Deputy County Clerk Elmer Stansifer, of Kenton county. Many persons notified the authorities his appearance coincided with a description of the Dansey boy. This impression as strengthened by the fact that the pair called the boy "Billie." The man wore an army uniform and it was noticed that the boy did not call either "mother" or "father."

The woman told Mrs. Harry Dixon, wife of the hotel proprietor, that they were on their way to Louisville and eventually would go to St. Petersburg, Fla. The man remarked that he desired to sell the car. He volunteered the information that they came from an Ohio town. The woman had blonde hair, and wore a dark dress.

Senator Borah on the granting of Shantung to Japan; "There is not a senator who defends it on the ground of right. There is not a senator who defends it on the ground of justice. There is not a senator who undertakes to put under it a basis of morality. There is not a senator who regrets it is here. The President regrets it. The people of the United States regret it. If it could be known that the American conscience was clean and clear of this 'damned spot' which will stain her honor for all time, there would be an exhilaration of the public mind which has not been felt since the war closed."

China and Japan are pre-eminently the seaweed-eating nations of the world. Among no other people are seaweeds so extensively eaten and relished as food substances.

### Public Sale

FRIDAY, OCTOBER 31st

At 10 O'clock

100 ACRES OF ONE OF MASON COUNTY'S WELL IMPROVED FARMS.

It is the M. M. and Chas. E. Rhodes farm (formerly the Alexander farm) located on the Maysville, Flemingsburg and Mt. Sterling pike; 7 miles south of Maysville and 10 miles from Flemingsburg, within a mile of Marshall Station on the L. & N. Railroad, near the little town of Lewisburg. This farm has a frontage on the above named pike and runs back to a cross pike, therefore is bounded on two sides by turnpikes. The improvements consist of a 7-room frame house, tenant house, good stock barn, and large tobacco barn, fencing better than is found on the average farm, plenty of water any kind of a season. Improvements all in good repair, and farm is ready for occupation and to work without the expenditure of a lot of money. It is a very unusual thing of late years to have a farm of this class offered at public sale in this county, but the present owners are too far from it to give it their personal attention, and for that reason are selling. Liberal terms, which will be announced on day of sale, will be given. Possession March 1st, 1920.

## Your Part and Hers

Good telephone service depends not only upon the telephone equipment and the skill and intelligence of the telephone employees, but also upon the co-operation of the telephone USERS.

It is the responsibility of the calling person to be sure to give the operator the right number, speaking slowly and distinctly.

The operator's responsibility is, in turn, to answer the caller's signal promptly and to give the desired connection quickly and accurately.

Still further, the called person co-operates towards good service BY ANSWERING PROMPTLY; and each helps by speaking distinctly and by practicing courtesy and patience under all conditions.
